LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The LCAP serves as the school's annual work plan.

Key themes that are evident throughout the 2018-19 LCAP include:

- Whole Child Knowing
- Shared Responsibility
- Capacity Building

- Student Centered Approach
- Equity and Access
- Building Community
- Focus on student goals
- Family and Community Engagement, to reflect enhanced services that support all LCAP Goals

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

AIPCS II has continuously this past year, the percentage of students meeting or exceeding standards on the CAASPP in English language arts increased in grades 3rd-8th . Foster youth and low income student groups also had academic improvements in English language arts and/or mathematics. The expansion of the role of counselors to support our students socio-emotional wellness of students.

AIPCS II was recognized by Innovate Public Schools as one of three schools in the Bay Area for eliminating the achievement gap among Low-Income African American and Latino students in Math and ELA.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Our greatest needs have been academically preparing are English Learners and SPED students who are new to the district. In addition, students that are new to the district may have longer commutes that have in turn affected chronic truancy rates and absenteeism. When a student first attends our school we strive to provide the proper tools to support students to ensure that they are performing at grade level this has been challenging for our students that have entered from other school districts.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Our largest performance gap is seen in the scores of our second language learners and students who are new to the AIMS school system. Expenditures have been allocated for increasing our ELD programs. Tutoring and intervention support have been funded to help students new to the AIMS system.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Increased or Improved services

Additional ways that AIPCS II has increased or improved services include:

- Activities include expanding the number of school counselors, adding opportunities for original credit and credit recovery during math camp, increasing number of students served in after school tutoring program by 25%, expanding family literacy and programs for Title I low income families.
- Activities include targeted professional development on prioritizing standards, creating culturally responsive learning environments, utilizing restorative practices, improving the teaching of mathematics, and supporting the needs of long term English learners (LTELS).
- Activities include expanding the number of community liaisons at school site and providing resources for families.
- Activities expanding the number of community liaisons at school site and providing regular training and expanding site and district parent education opportunities.

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures For LCAP Year	\$ 8,226,946
Total Funds Budgeted for Planned Actions/Services to Meet The Goals in the LCAP for LCAP Year	\$6,188,515

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The California Education Code requires that local educational agencies (LEAs) to follow the definitions, instructions, and procedures in the California School Accounting Manual. The General Fund is the chief operating fund for all LEAs and is divided into restricted and unrestricted resources. Restricted programs fulfill the requirements defined by the funding source and are not included with the LCAP unless they are specifically support the goals and services included in the document. For this reason, restricted expenditures (such as those in Title I, II, and III) are generally not included as part of LCAP expenditures unless specifically identified as a funding source. Any significant revisions to the LCAP will be developed in collaboration with the SSC (School Site Council) FAC (Family Advisory Committee) and the DLAC (District English Advisory Committee) and presented to the Board for approval.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Many of these goals are modifications, aimed at improving our current high expectations, school environment, college readiness, teaching/learning effectiveness, and parent/community engagement.

All actions and services were implemented with fidelity and served as additional building blocks for AIPCS II work over the years to cultivate cultures of collective care and high academic achievement. AIPCS II will focus its efforts in all LCAP Goals, specific in Positive School Environment, Climate, and Culture with strategies toward building student Agency, including social-emotional learning, positive school culture, youth advocacy and empowerment, programming sustainability, and community partnerships.

The goal continues to ensure that every student receives the supports they need to access educational content as effectively as possible. To ensure SPED services are provided to students along with services outlined within IEP/504 plans. The integration and ongoing collaboration of departments within integrated youth services will be critical to collectively promote cultures of collective care and continuing to building agency by knowing student strengths, interests and values, getting to know who they are, how they learn and connect best to content as they achieve college, career readiness while maintaining high academic achievement.

Goal 1: In comparing data from 2016-2017 to 2017-2018 school year, our 11th grade student CAASPP results show an increase in growth in MATH by 3.55% but a decline in ELA by 10.44% of our student population. The goal indicated that there would be a projected increase of 50% of students, "Exceeding Standard" would increase one level within their achievement level. AIPHS continue to monitor and track progress of students to ensure actual goals is carried and met for student achievement. Additional intervention will be provided to students that are academically behind or in need of targeted support to ensure academic achievement.

Goal 2: According to school climate parent and family surveys 95% of families and students feel safe, 88% of students feel cared for and supported emotionally within school environment. Overall implementation of actions have successfully supported school climate, culture and support of the whole child. AIPCS II will continue adopt and implement current action plan and addressing student needs as a priority.

Goal 3: Teachers implemented lessons and structures that aligned with Next Generation Science (NGSS) and common core standards as outlined within the planned action and services. Teachers received PD on curriculum to ensure planed goals were met in addressing preparation for college readiness specific within Math and ELA. To address teacher effectiveness, three evaluations were conducted and immediate feedback provided to enhance academic instruction.

Goal 4: Offering high quality education to our students but ensuring teachers are hired within a diverse candidate pool specific to Math, Science and SPED background. Track retention of staffing and monitor potential barriers to employment.

Goal 5: AIPCS II will continue to survey and track data and feedback from stakeholders and students to ensure recommendations are considered within school programming and educational instructional effectiveness. Continue to build community partnerships to support students and families with resources.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The goals this year were set for high academic achievement. The actions were performed in a strategically efficient manner to ensure maximum effectiveness. Staff members had set schedules with goals which were reached by constant assessment and evaluation. A major part of our success was the utilization of additional staff members to support with tutoring throughout the day. This took place before, during, and after school. This is why we saw an increase in clerical and support staff in our actual expenditures.

We hired extra support staff to cover clerical duties while these employees tutored. This was also in addition to our 6 intervention aides. This number has been the highest number of aides that we have ever had to provide daily support. Our aides provided push in and pull out services, supported teachers with lesson plan development, and assessing the academic levels of students to increase academic achievement specific in Math and ELA. The effectiveness of the actions/services made a significant impact on student achievement as indicated by CAASPP scores and the district's CA Dashboard.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The material differences come from the fact that we did not adopt any new programs, instead we provided materials to supplement those programs that are currently in place.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Changes were not made to the overall goals, however expected outcomes differed depending on changes to actions and services to meet the needs of our students, program development and district needs to achieve success. As mentioned above, we made progress modifying and focusing these programs, but realize that this work will continue.

Stakeholder Engagement

LCAP Year: **2019-2020**

The LEA consulted with various stakeholders throughout the course of the school year.

School Site Council convened bimonthly and submitted input tools to indicate feedback and projected expectations for LCAPs. Input during Family Advisory Committee convenings were also noted in gathering stakeholder input. ELAC/DELAC input were considered. Annual parent/student surveys were compiled for consideration on the LCAP.

Finally, curriculum committee, professional development, and division-head initiated surveys gave opportunities for teachers to offer feedback to AIPCS II administration.

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

LEA engaged with various stakeholders as part of the planning process for the LCAP. These engagements included monthly meetings with the Family Advisory Council (FAC) and School Site Council (SSC), and parent, teachers and students/family surveys which solicited feedback and potential recommendations for future LCAP goals and actions.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

By consulting with all stakeholders, we were able to get input on how and where to best allocate our resources to meet our overall goal of efficiency and increased student achievement. For example, new ELA, History, and Foreign Language curriculum was adopted to address potential shortfalls in academic programming. Additionally, our Visual and Performing Arts program was vastly expanded to include new Music and Art classes for middle school students. Additional emphasis was placed on hiring more intervention instructors, which expanded capacity for supporting students that were not performing at grade level.

Goal 1

Closing the Achievement Gap with High Expectations for All - All levels of the organization work to improve student achievement and close the achievement gap for all underperforming student groups.

State and/or Local Priorities addressed by this goal:

State Priorities:

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Identified Need:

Numerous metrics indicate a need to close the achievement gap for all underperforming student groups and ensure that all students are achieving. School data indicate that persistent gaps exist among student groups.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2018–19

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$150,000.00	15%
--------------	-----

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The school's percentage for 2018-19 is 15%. Services and supports for unduplicated students (English Learners [EL], Foster Youth [FY] and Low Income [LI]) will be increased and improved by at least 10%, as compared to services and supports provided to all students. The school will meet this proportionality percentage through allocated supplemental and concentration funds. In addition, improved services will also be provided for focus students to promote equity and excellence for all students as described below.

Teachers, ELD coordinator, English Learner Support Teachers and Intervention Instructors will continue to analyze and discuss student progress by monitoring progress of English Learners (ELs) including long term English learners (LTELS) and reclassified students, SPED students and lower academically achieving students to determine short and longer term needs by assessments. Determine specific actions designed to accelerate language acquisition. to continuously analyze and evaluate EL/academic progress. The formative assessment cycle includes teachers and students setting goals to make progress toward the standard, and teachers and students using different assessment tools to monitor progress toward the goal. Monitor the progress of English Learners (EL) including Long Term English Learners (LTEL) and reclassified students. Determine the short- and long-term needs of ELs and long term needs of IEP/504 students, and or students that are struggling academically. (Goal 1/Action.Service 1.1)

Restorative Justice Practices (RJP) is geared toward the principal benefit of unduplicated students by cultivating a healthy and safe learning environment. Many unduplicated students have experienced trauma in their lives, sometimes making it difficult to build trusting healthy relationships. RJP cultivates community on campuses with a focus on building strong relationships between students and district employees. Students are held accountable for their actions while giving them a high level of support to create a campus culture of learning and safety for all school community members. By using restorative techniques, students and teachers can share positive and challenging personal stories about their school experience which, in turn, helps build empathy and stronger relationships. Based on stories shared, students and teachers can support each other and there is a natural desire to create conditions for everyone to feel connected. RJP helps all students, especially unduplicated students, through empowerment by giving them the skills to use proactive and responsive communication tools that nurture a positive school climate and address conflict by honoring the voice of all stakeholders in a way that is safe, respectful, equitable, and ensures accountability. (Goal 2.1)

Wellness is principally directed toward the benefit of unduplicated students by providing access to a variety of essential health and wellness services designed and outlined within the Wellness Policy. Hopes are to create an environment of wraparound care for students, especially high-risk and the neediest student populations. Given the pervasive effects of trauma on health, and Wellness embraces the school community in the practice of Trauma Informed Care, Mindfulness, Restorative Practices and the use of evidence based research to achieve safety, health and well-being. (Goal/Action/Service 4.2)

Translation services are principally geared toward the needs of unduplicated students. This targeted service is specifically to support English Learner (EL) students and families through communication and engagement. (Goal 5 Action 2.1)

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP. In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter

Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)

- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.

- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer.

Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.
