# *AIMS K-12 Superintendent*

**Maya Woods**  
*Superintendent*

Superintendent Woods experience includes over fifteen years of PK-12 leadership and seven years of experience as a K-12 teacher. In addition to her K-12 experience, She taught Curriculum and Instruction at the graduate level for five years. Her educational pedigree consists of a leadership certification from Duke University's Fuqua School of Business and Harvard's School of Business, a Masters of Education from UC Berkeley, a Superintendent Certificate from the Association of California Schools Administrators, an Administrator Credential, a Multiple Subject Teaching Credential, and a Bachelor of Arts from California State University at Hayward (East Bay). Moreover, she is currently a Doctoral Candidate in the field of Transformational Leadership.

## **Personally**

She is a multi-generational Oakland native who attended both parochial and public schools in Oakland. She is the mother of two young adults who previously attended AIMS as middle school students. The lesson that she teaches all of my children is that service is the rent one pays for being. It is the very purpose of life, and not something you do in your spare time (Marian Wright Edelman).

## **Vision**

Her vision for AIMS is that financially, academically, and aesthetically we rival the best international educational organizations. In her vision, AIMS is economically independent and provides free education for the traditionally underserved students of California, thus breaking long-held cycles of poverty and inequalities. Superintendent Woods-Cadiz believes that together our AIMS family can make the world better.

# AIMS K-12 Director of Schools

**Natalie Glass**  
*Director of Schools*

As a Bay Area native, I received my Bachelors degree in Psychology from San Francisco State University and my Masters degree from Alliant International University, San Diego. Throughout my years in education, I've had the opportunity to teach grades K-12 including public and private schools, county-operated court schools, and alternative education. I am extremely proud to have been a part of the AIMS community for the past 7 years now as a teacher of grades 1-3, Middle School Dean of Students, Middle School Head of Academics, Elementary Head of School, and now Director of Schools for K-12.

With substantial teaching experience, I pride myself in my ability to demonstrate compassion towards students while setting and maintaining clear, firm, and consistent professional boundaries.

# Head of Academics

## **Ms. Axia Vang - Head of Academics (K-5th)**

As Head of Academics at AIMS, I have had the opportunity to thrive as a kindergarten teacher for the past 6 years, holding a position as lead teacher and teacher on special assignments. These profound opportunities are an exemplary demonstration of my compassion to foster student success, academic excellence, school community, provide ongoing professional development and dedication to pedagogical methodologies.

My educational philosophy is profoundly focused in creating a nurturing and inclusive learning environment that caters to diverse learning where all students can be successful as 21st-century learners. Here at AIMS, we are an AIMSTRONG community with well-equipped teachers through professional development. Professional development provides a plethora of resources, tools, and strategies to support all teachers.

## **Zubida Bakheit - Head of Academics (6th - 8th)**

I have a distinct commitment to fostering a positive and inclusive learning environment to ensure the success and well-being of every student. I hold two bachelors in Finance and Economics as well as a Masters degree in Secondary STEM Education enabling me to actively bring a wealth of understanding of educational principles and pedagogical strategies. Having served in various roles at AIMS Middle School, my leadership philosophy is guided by student-centered leadership, believing in the power of collaboration among educators, parents, and the community. It is this commitment to collaborative efforts that leads the daily efforts in creating an environment that promotes academic excellence, social-emotional development, and a sense of community.

My educational experiences have provided me with opportunities to work alongside a diverse population of educators and students. My educational philosophy is rooted in an unwavering belief that all children are capable of achieving when provided a positive and safe learning environment, strong and knowledgeable leadership, and a dedicated and focused educational team.

## **Chaniel Clark - Head of Academics (9th-12th)**

As a dedicated educator with a profound passion for diversity and a commitment to supporting students from varied cultural backgrounds and experiences, I bring more than a decade of service in education and student support, including a position of Dean of Students at AIMS MS. My educational journey commenced with the acquisition of a B.A. in Visual Communications, and I further enriched my knowledge through educational opportunities from the Harvard School of Business in Leading School Strategy and Innovation, as well as Leading Change in Education. Currently, I am actively engaged in the pursuit of my Masters in Education, driven by the desire to deepen my understanding and broaden my impact in the field.

My role at AIMS College Prep High School has been transformative. The results include a commendable 100% graduation rate, guiding students towards prestigious 100% acceptance to 4-year institutions. This success underscores my unwavering commitment to diversity and access, reflecting a passion that is evident in my advocacy for representation within educational spaces.

My educational philosophy includes recognizing the transformative power of education, particularly in terms of college access, I firmly believe that it has the potential to be life-changing for families and communities. Providing equitable opportunities for all students, regardless of their background, contributes not only to individual success but also to the enrichment and empowerment of our communities. This reflects my belief in the intersectionality of education, social justice, and community well-being. I embrace the opportunity to contribute not only to the academic realm but also to the broader narrative of social impact and positive change. This multifaceted journey encapsulates my enduring commitment to excellence, advocacy, and the continuous pursuit of personal and professional growth in the service of education and community upliftment.

## *How does the lottery work? / 抽籤如何運作?/¿Cómo funciona la lotería?/*

- Applications that were received by the deadline of February 16 2024 are included in this lottery
- An algorithm determines eligible students by the school's priorities
- Priorities are verified by the enrollment team
- The system sorts the individuals by the priority preferences and then randomly sorts each group to produce the lottery results.
- Staff is unable to make changes to the lottery as it is randomly generated by the system.

- 在 2024 年 2 月 16 日截止日期之前成功提交之申請，都會參加是次抽籤
- 根據學校的優先次序，為符合條件的學生分類
- 校務團隊核實所以優先次序
- 系統按優先分類進行進行隨機排序以產生抽籤結果
- 工作人員無法更改抽籤流程和結果，因為它是由系統隨機產生的。

- Las solicitudes que se recibieron antes de la fecha límite del 16 de febrero de 2024 se incluyen en esta lotería
- Un algoritmo determina a los estudiantes elegibles según las prioridades de la escuela.
- Las prioridades son verificadas por el equipo de inscripción.
- El sistema clasifica a los individuos según las preferencias de prioridad y luego clasifica al azar a cada grupo para producir los resultados de la lotería.
- El personal no puede realizar cambios en la lotería, ya que el sistema lo genera al azar
